

ANHUI RONGPIN PACKAGING CO., LTD.

安徽嵘品包装有限公司

SOURCE FACTORY • QUALITY & SERVICE • SIMPLIFY PACKAGING!

源头工厂，质量与服务，让包装更简单！

From Pellet to Package - Your Trusted Total Solution Provider for Blister Packaging

从一粒原料到一件包装——值得您信赖的全产业链吸塑包装解决方案服务商

Self owned sheet production line · food grade · electronic grade · one-stop customization for the entire industry

自有片材生产线 · 食品级 · 电子级 · 全行业一站式定制

董事长致辞

In the past decade of doing vacuum packaging, I have often been asked a question by customers: "What is the difference between you and other factories

My answer is always simple: we start from the source.

Many vacuum forming factories purchase sheet materials for processing and shaping, while we choose to invest in building our own sheet production line. This path carries greater weight, moves at a slower pace, and demands immense patience — but it brings us three things: cost, delivery, and quality.

In the field of food packaging, we are well aware that "packaging is the entrance", and every inch of material is related to the health and safety of consumers. In the field of electronic packaging, we understand that static damage to a chip can render an entire batch of products unusable, and there is no room for any luck. That's why we insist on using the control of the entire industry chain to fulfill our simplest promise to customers: the packaging we give you, we dare to use it ourselves.

Today, Rongpin Packaging is able to provide a full range of vacuum formed packaging solutions for the two major industries of food and electronics. But we are well aware that the manufacturing industry has no end, only by constantly deepening its roots and raising its standards. In the future, we will continue to increase investment in material research and development, process upgrades, and certification system construction, so that our packaging can not only 'fit the product', but also 'support the brand'.

Thank you to every customer who has chosen us, and also to every companion of Rongpin Packaging. May we use packaging as a bridge to connect more good products with the world.

做吸塑包装这十几年，我常被客户问到一个问题：“你们和别的厂有什么区别？”

我的回答始终很简单：我们从源头做起。

很多吸塑厂是买来片材加工成型，而我们选择投入建设自己的片材生产线。这条路更重、更慢，也更考验耐心——但它换来的是三件事：成本我们说了算，交期我们守得住，品质我们追到底。

在食品包装领域，我们深知“包装即入口”，每一寸材料都关系到消费者的健康安全。在电子包装领域，我们明白一颗芯片的静电损伤可能让整批产品报废，容不得半点侥幸。正因如此，我们坚持用全产业链的把控力，去兑现对客户最朴素的承诺：给你的包装，我们自己敢用。

今天，嵘品包装已经能为食品与电子两大行业提供全系列吸塑包装解决方案。但我们很清楚，制造业没有终点，只有不断把根基扎深、把标准拉高。未来我们会继续在材料研发、工艺升级、认证体系建设上加大投入，让我们的包装不仅“装得下产品”，更能“托得起品牌”。

感谢每一位选择我们的客户，也感谢每一位嵘品包装的同路人。愿我们以包装为桥，连接更多好产品与世界。

【安徽嵘品包装有限公司】创始人兼董事长

Founder and Chairman of Anhui Rongpin Packaging Co., Ltd

ABOUT US

关于我们

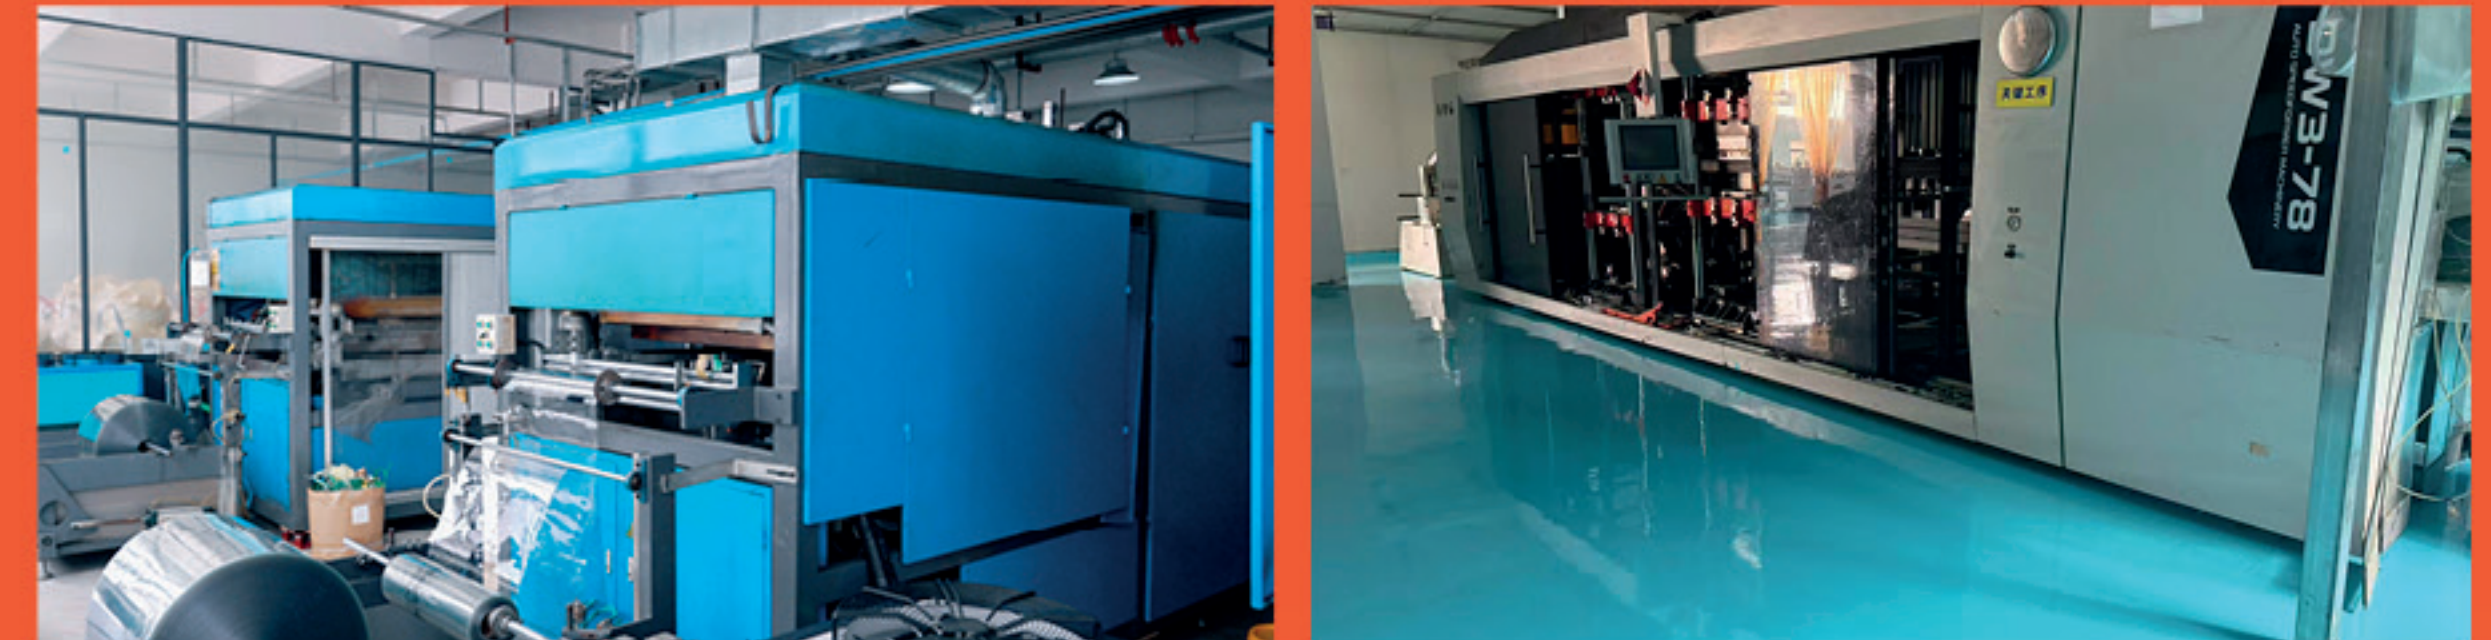

Rongpin Packaging is a full industry chain vacuum packaging enterprise that integrates independent research and development, mold design, sheet production, vacuum forming, finished product processing, customized distribution, and after-sales support. Having been deeply involved in the packaging industry for many years, the company has a supporting mold workshop and an independent sheet extrusion production line, achieving full process autonomy and controllability from raw material formulation to finished product delivery. It has established significant industry barriers in the three core dimensions of cost control, delivery response, and quality traceability, focusing on providing high-quality, personalized, and environmentally friendly vacuum formed packaging products for customers in various industries. With a mature production system, strict quality control standards, and high-quality customized services, it has become a long-term strategic cooperation supplier for many domestic and foreign brand enterprises, and has provided stable and reliable overall packaging support services for hundreds of enterprises.

嵘品包装是一家集自主研发、模具设计、片材生产、吸塑成型、成品加工、定制配送、售后保障于一体的全产业链吸塑包装企业。深耕包装行业多年，公司有配套模具车间，建有独立片材挤出生产线，实现从原料配方到成品出厂的全流程自主可控，在成本控制、交期响应、品质追溯三个核心维度建立了显著的行业壁垒，专注为各行业客户提供高品质、个性化、环保型吸塑包装制品，凭借成熟的生产体系、严苛的品控标准与优质的定制服务，成为国内外众多品牌企业的长期战略合作供应商，已为数百家企业提供稳定可靠的整体包装配套服务。

FACTORY OVERVIEW

工厂概况

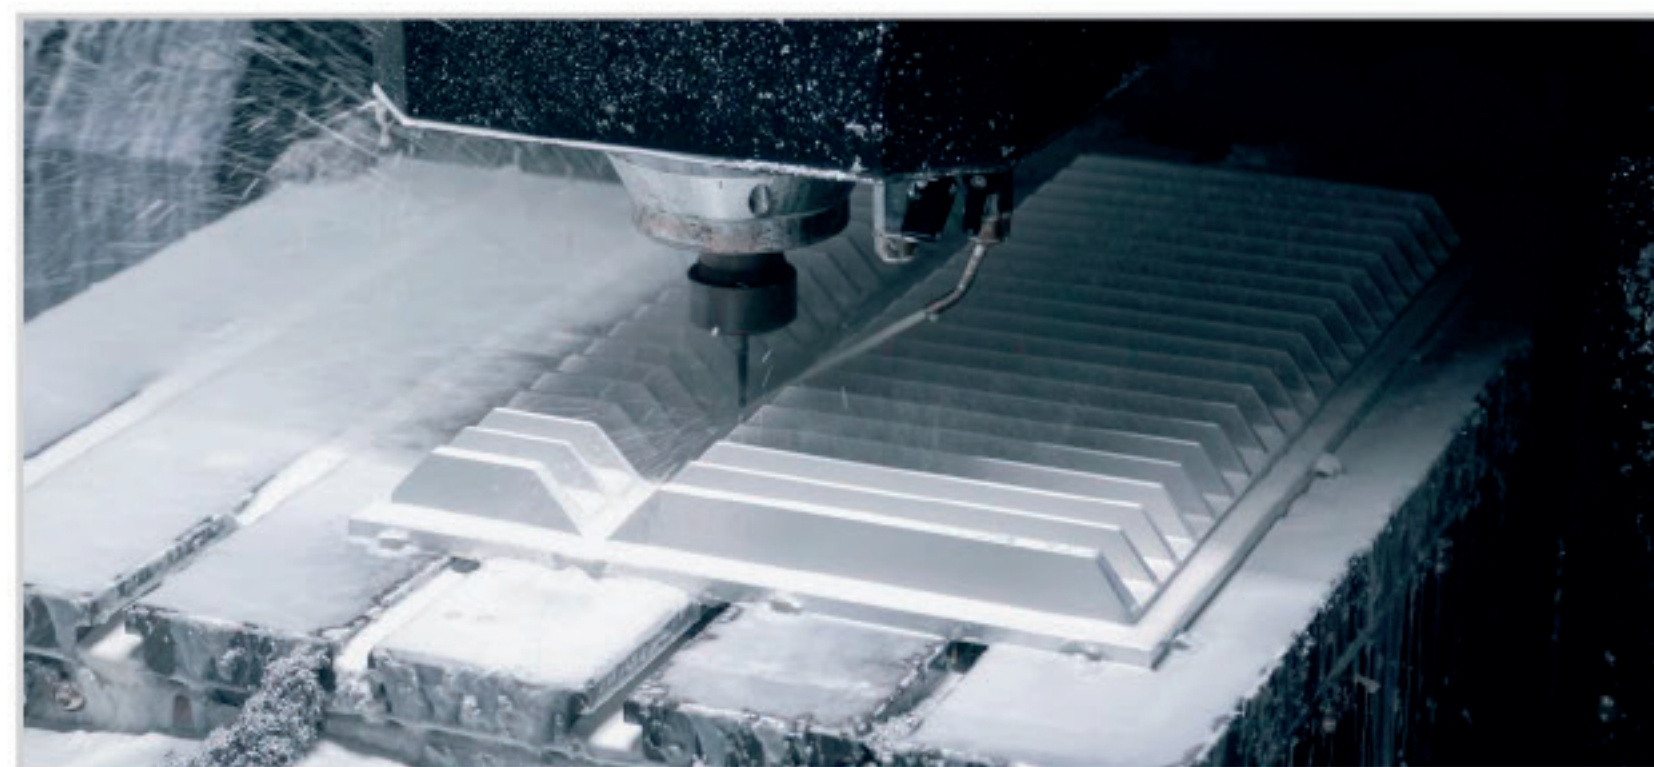

Not just a vacuum forming factory, but also a manufacturer that produces packaging from the source.

The company is based on the forefront of industry development, with a standardized production plant of over 13000 square meters and a complete set of intelligent production equipment. It is equipped with nearly a hundred professional equipment such as semi-automatic and fully automatic high-speed vacuum forming machines, precision cutting machines, high-frequency heat sealing machines, folding machines, punching machines, etc. It has built a complete automated production line, which can achieve independent production throughout the entire process from drawing design, mold development, raw material processing to finished product shipment, effectively shorten the production cycle, strictly control product quality, and ensure stable delivery of large batch orders and flexible implementation of small batch customization. We have the ability to produce and process over 10000 tons of materials annually. At the same time, the company has established an experienced R&D, design, and technical production team, specializing in packaging structure optimization, appearance upgrades, and material improvements. With mature new product development capabilities, we can accurately match customers' differentiated packaging needs.

不止是吸塑厂，更是从源头做包装的制造商。

公司立足行业发展前沿，拥有 13000+ 平方米标准化生产厂房与全套智能化生产设备，配备半自动、全自动高速吸塑成型机、精密裁断机、高频热合机、折边机、打孔机等专业设备近百台，搭建起完整的自动化生产流水线，可实现从图纸设计、模具开发、原料加工到成品出货的全流程自主生产，有效缩短生产周期、严控产品品质，保障大批量订单稳定交付、小批量定制灵活落地。每年有生产加工 1 万吨 + 材料的能力，同时，公司组建了一支经验丰富的研发设计与技术生产团队，深耕包装结构优化、外观升级、材质改良领域，具备成熟的新品开发能力，可精准匹配客户差异化包装需求。

PRODUCT INTRODUCTION

产品介绍

We specialize in various high-quality vacuum formed packaging products, with a rich and comprehensive product system covering a full range of products such as vacuum formed boxes, vacuum formed inner trays, vacuum formed trays, transparent foam shells, and folded vacuum formed products. We can use a variety of environmentally friendly raw materials such as PP, PET, PS, GAG, PETG, APET, ABS, and anti-static materials for processing and customization, to meet the protection, storage, display, and transportation packaging needs of different industries. The product is widely used in various fields such as food and health products, electronic appliances, hardware tools, beauty and daily chemical products, toys and stationery, automotive parts, medical supplies, daily necessities, etc. It has the advantages of moisture and dust prevention, shock and pressure resistance, transparent beauty, environmental protection and recyclability. It can not only protect the safety of product transportation, but also enhance the quality and brand level of product terminal display.

我们主营各类高品质吸塑包装制品，产品体系丰富全面，涵盖吸塑盒、吸塑内托、吸塑托盘、透明泡壳、对折吸塑等全品类产品，可采用PP、PET、PS、GAG、PETG、APET、ABS、防静电材质等多种环保原材料加工定制，适配不同行业的防护、收纳、展示、运输包装需求。产品广泛应用于食品保健品、电子电器、五金工具、美妆日化、玩具文具、汽车配件、医疗用品、日用百货等众多领域，兼具防潮防尘、防震抗压、透光美观、环保可回收等优势，既能够保护产品运输安全，又可提升产品终端陈列质感与品牌档次。

产品应用举例

EXAMPLES OF PRODUCT APPLICATIONS

FOOD GRADE SAFETY COMPLIANCE

食品级安全合规

We provide a full range of vacuum formed packaging solutions for the food industry, covering various segmented scenarios such as bakery, pastries, fresh produce, cooked food, frozen products, candies & chocolate, takeaway meals, fruits and vegetables, etc.

我们为食品行业提供全系列吸塑包装解决方案，覆盖烘焙、糕点、生鲜、熟食、冷冻产品、糖果巧克力、快餐外卖、果蔬等多个细分场景。

PRODUCT CATEGORY / 产品类别	TYPICAL APPLICATIONS / 典型应用	OPTIONAL MATERIALS / 可选材质
Blister tray/inner tray 吸塑托盘/内托	Pastry, bread, sushi, fruit cutting boxes, fresh meat and poultry trays 糕点、面包、寿司、水果切盒、生鲜肉禽托盘	PET / PP / PS / GAG
Transparent Bubble Shell/Folding Box 透明泡壳/对折盒	Candy, chocolate, nuts, and snack food display packaging 糖果、巧克力、坚果、休闲食品展示包装	APET / PP
Card suction packaging 吸卡包装	Instant food and freeze-dried snacks on shelves for sale 即食食品、冻干零食挂架售卖	PET+ paper card/纸卡
Multi layer composite tray 多层复合托盘	Fast food meal box and bento box are separated inside 快餐套餐盒、便当盒内分隔	PP / GAG / CPET(high & low temperature resistance耐高低温)
Other Neto 其他内托	High grade gift box, moon cake, Zongzi, boutique food 高档礼盒、月饼、粽子、精品食品	PET / PP / APET / GAG

All materials used are brand new and can provide food contact material safety testing reports, in compliance with applicable standards such as GB 4806. X/FDA/EU 10/2011.

Direct access to food, allowing customers to eat with peace of mind.

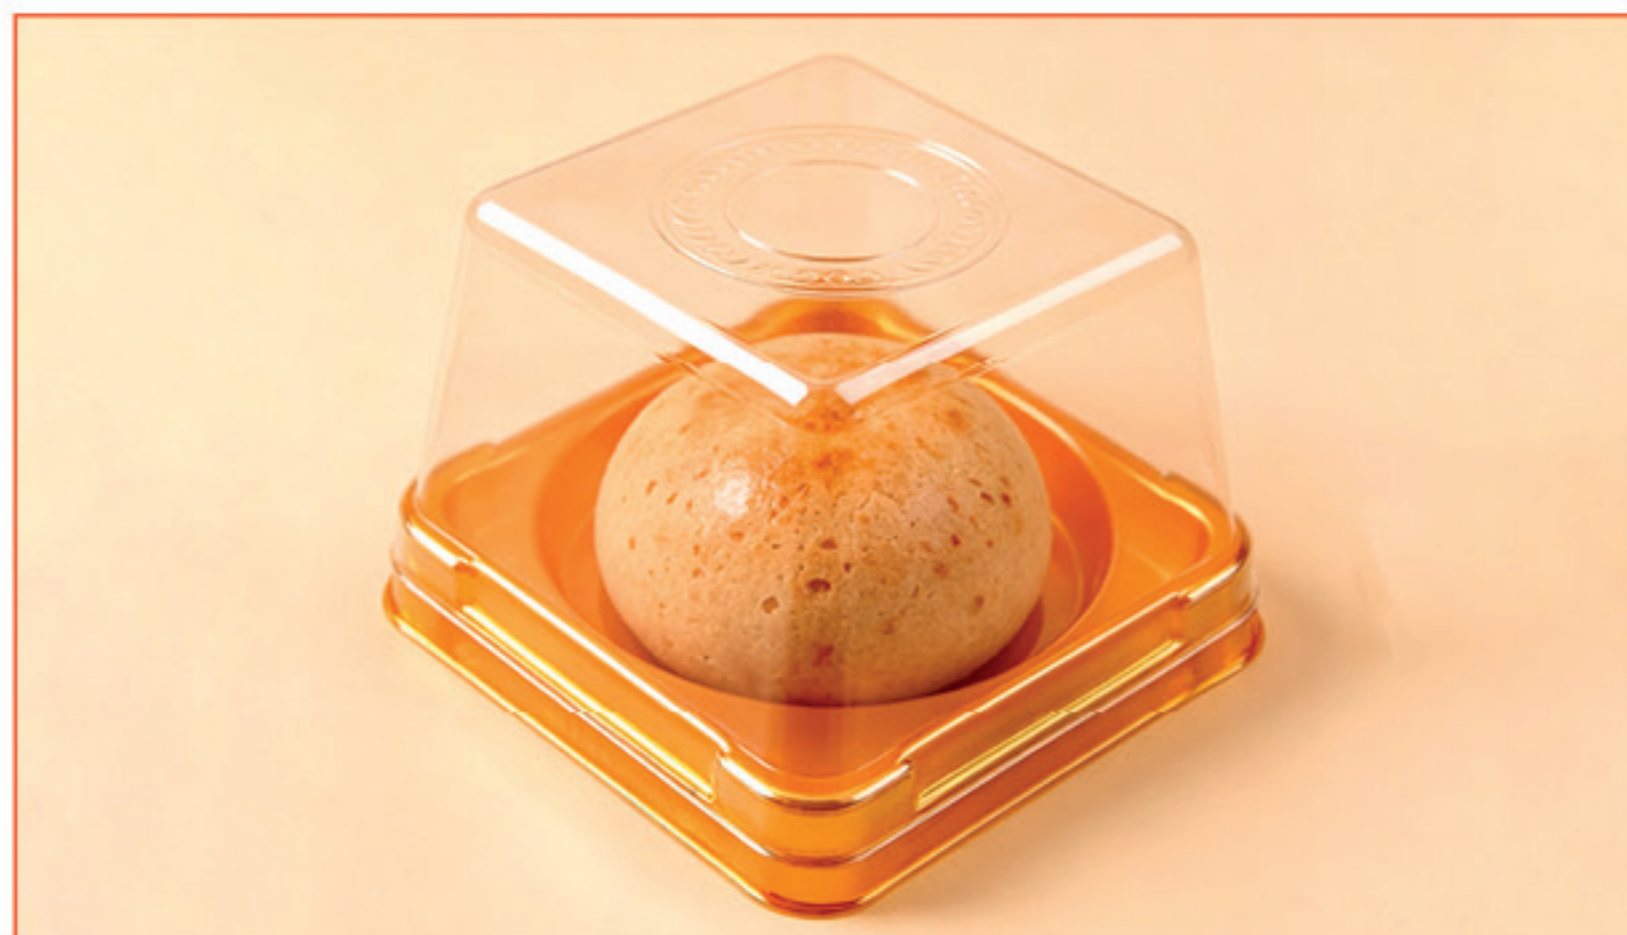

所用材料均为全新料，可提供食品接触材料安全检测报告，符合【GB 4806.X / FDA / EU 10/2011 等适用标准】。

可直接接触食品 · 让客户吃得放心。

FOOD INDUSTRY - BAKERY AND PASTRY BLISTER PACKAGING

食品行业-烘焙糕点吸塑包装

FOOD INDUSTRY - SUSHI FRESH BLISTER PACKAGING 食品行业-寿司生鲜吸塑包装

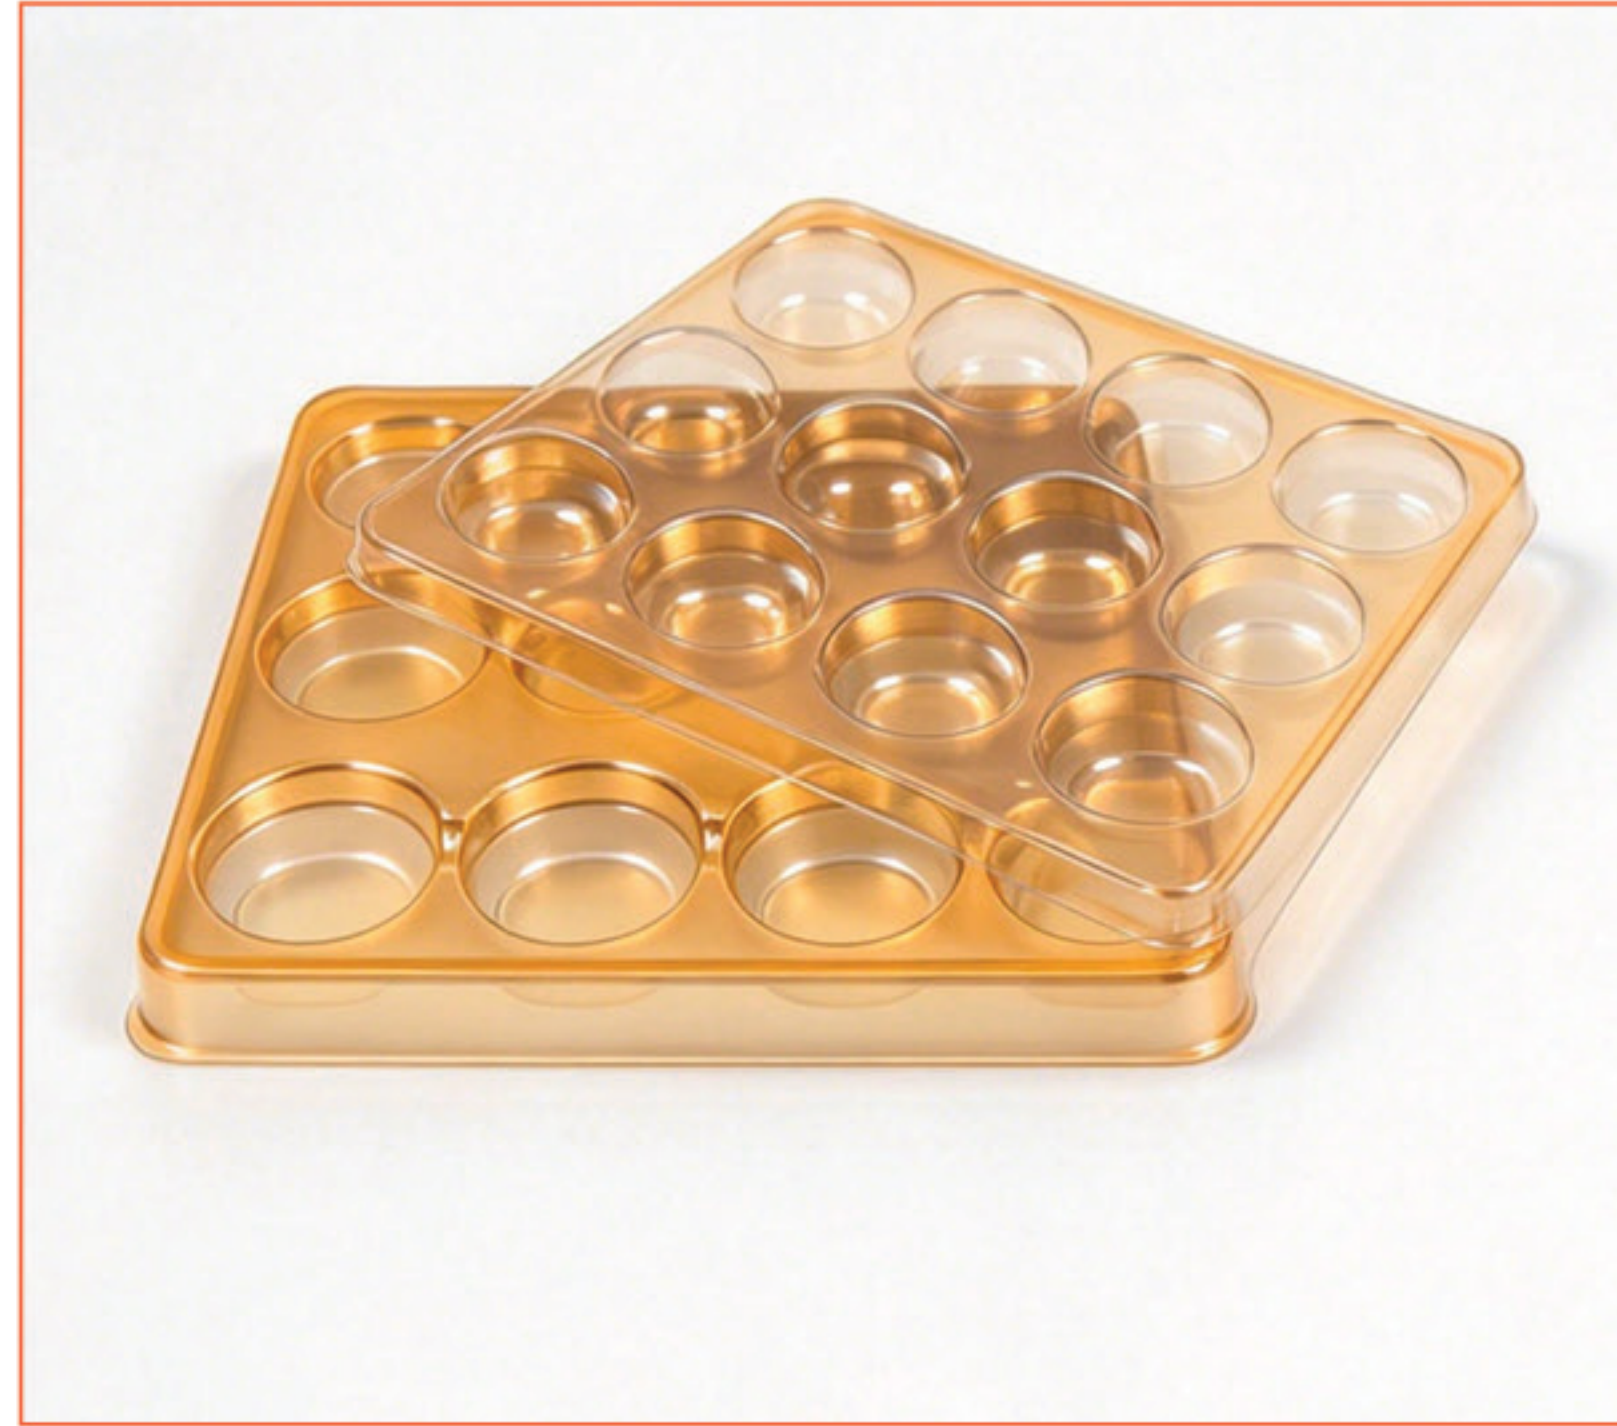

FOOD INDUSTRY - CHOCOLATE CANDY BLISTER PACKAGING

食品行业-巧克力糖果吸塑包装

FOOD INDUSTRY - FAST FOOD READY TO EAT BENTO VACUUM PACKAGING

食品行业--快餐即食便当吸塑包装

FOOD INDUSTRY - SUPPORTING OVERALL PACKAGING SERVICE DISPLAY

食品行业--配套整体包装服务展示

ELECTRONIC GRADE PROFESSIONAL PROTECTION

电子级专业防护

We provide a full range of vacuum packaging and turnover solutions for the electronics and precision manufacturing industries, catering to both product display and ESD protection needs.

我们为电子及精密制造行业提供全系列吸塑包装与周转解决方案，兼顾产品展示与ESD防护双重需求。

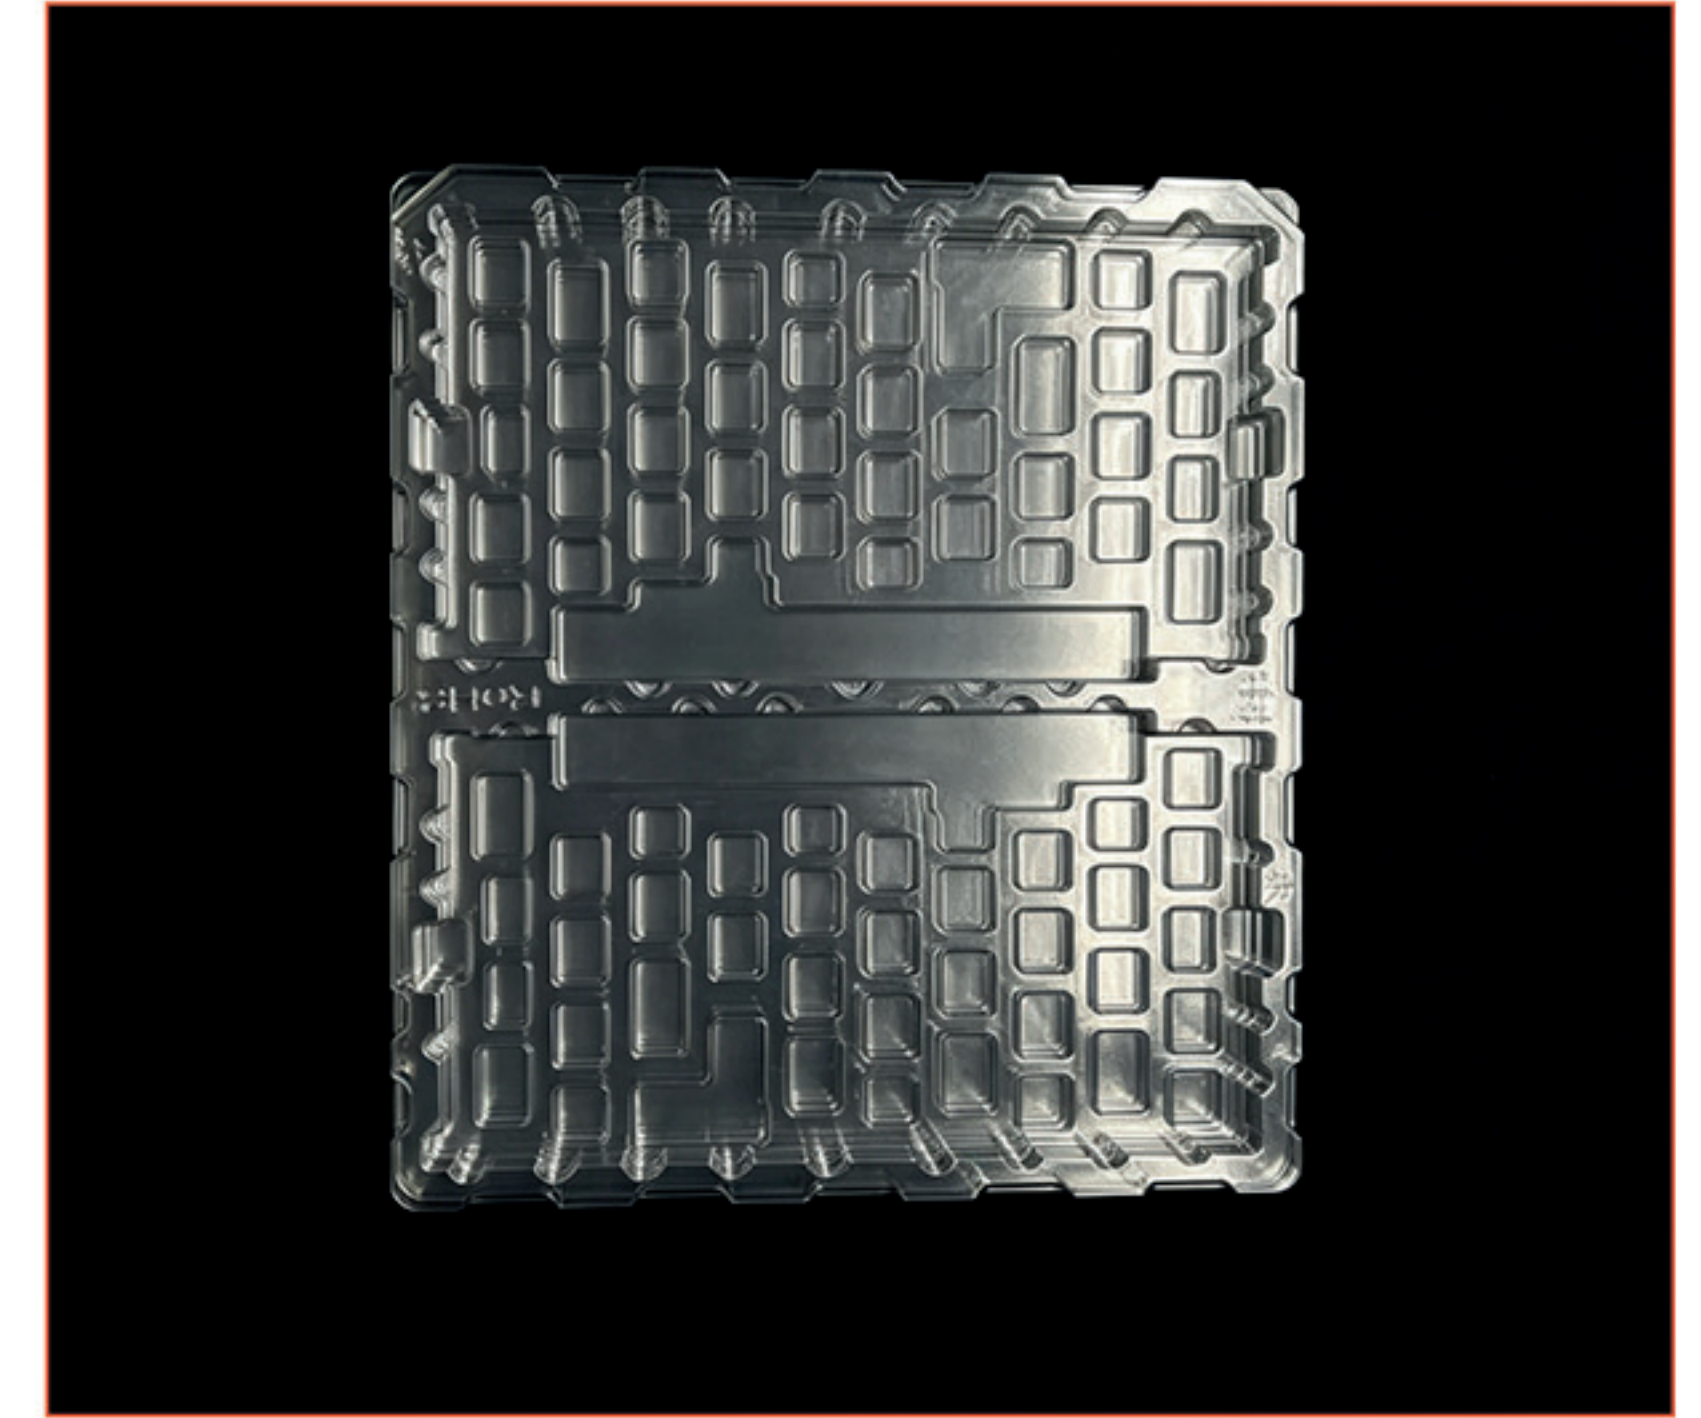

PRODUCT CATEGORY / 产品类别	TYPICAL APPLICATIONS / 典型应用	OPTIONAL MATERIALS / 可选材质
Anti static vacuum forming tray 防静电吸塑托盘	PCB board, chip, precision electronic component turnover and transportation / PCB板、芯片、精密电子元件周转与运输	PP/PS anti-static and conductive grade/ 抗静电、导电级
Electronic component carrier tape/reel 电子元件载带/卷盘	SMT surface mount component packaging, IC tray SMT贴片元件封装、IC托盘	PS / PC
Transparent foam shell/suction card 透明泡壳/吸卡	Packaging for data cables, chargers, headphones, and small appliance hangers / 数据线、充电器、耳机、小家电挂架包装	PET / PETG / APET
Folding/Triple Folding Blister Box 对折/三折吸塑盒	Electric tools, hardware accessories, module products 电动工具、五金配件、模块类产品	PET / PVC
Turnover tray/inner tray 周转托盘/内托	Internal material circulation and automated production line feeding in the factory / 工厂内部物料流转、自动化产线供料	PP (impact resistant耐冲击) / PET

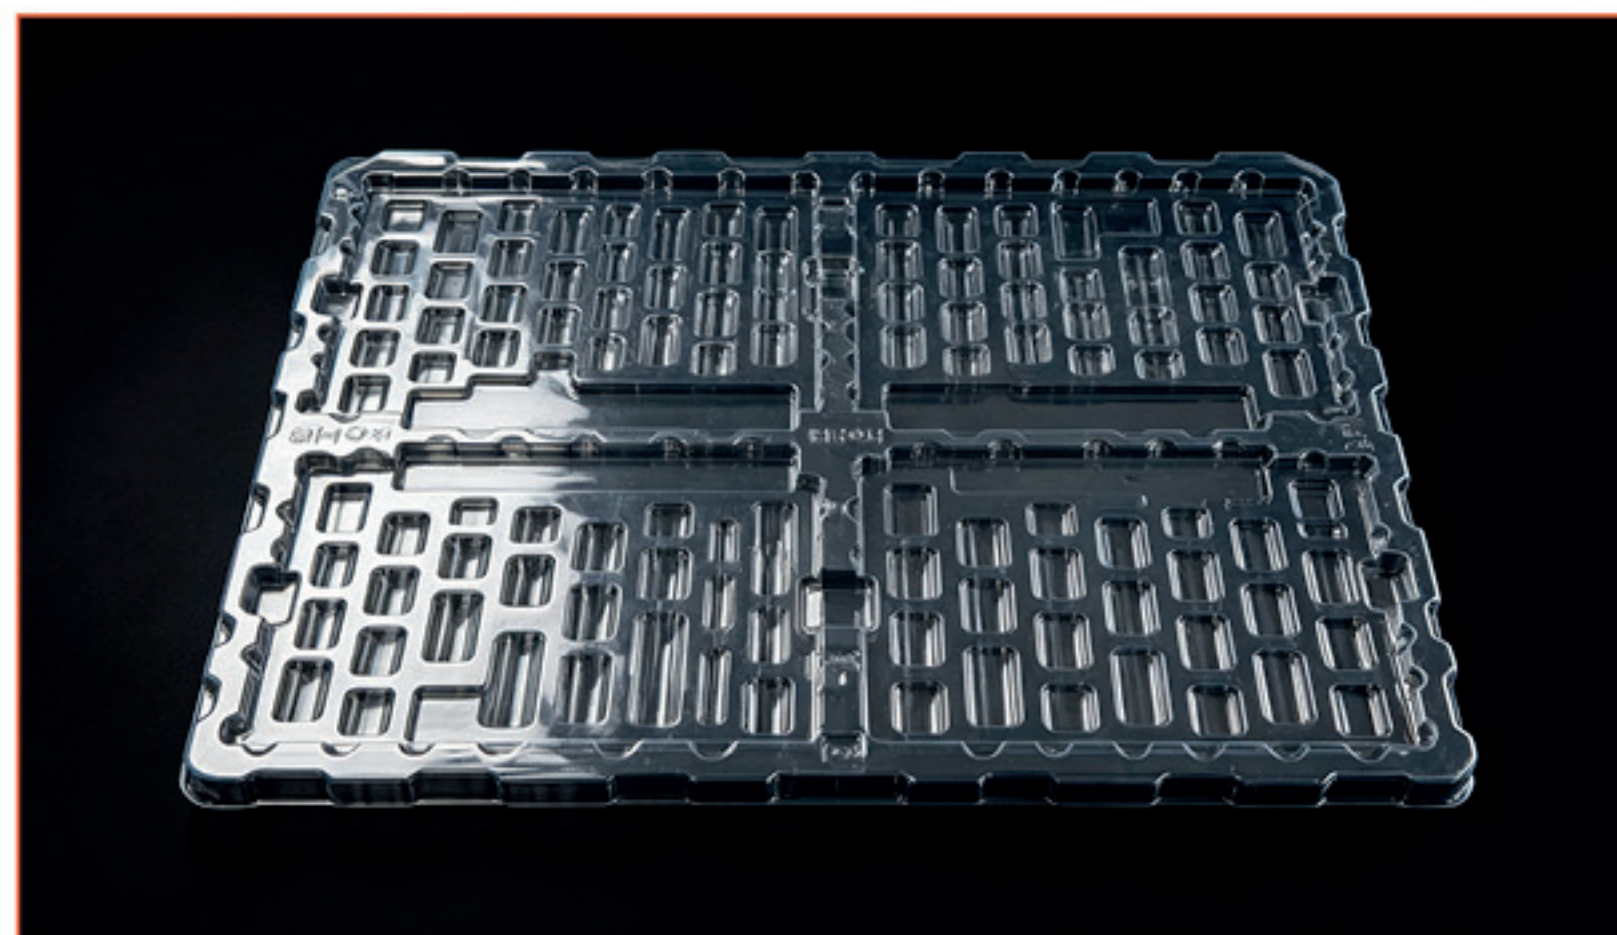

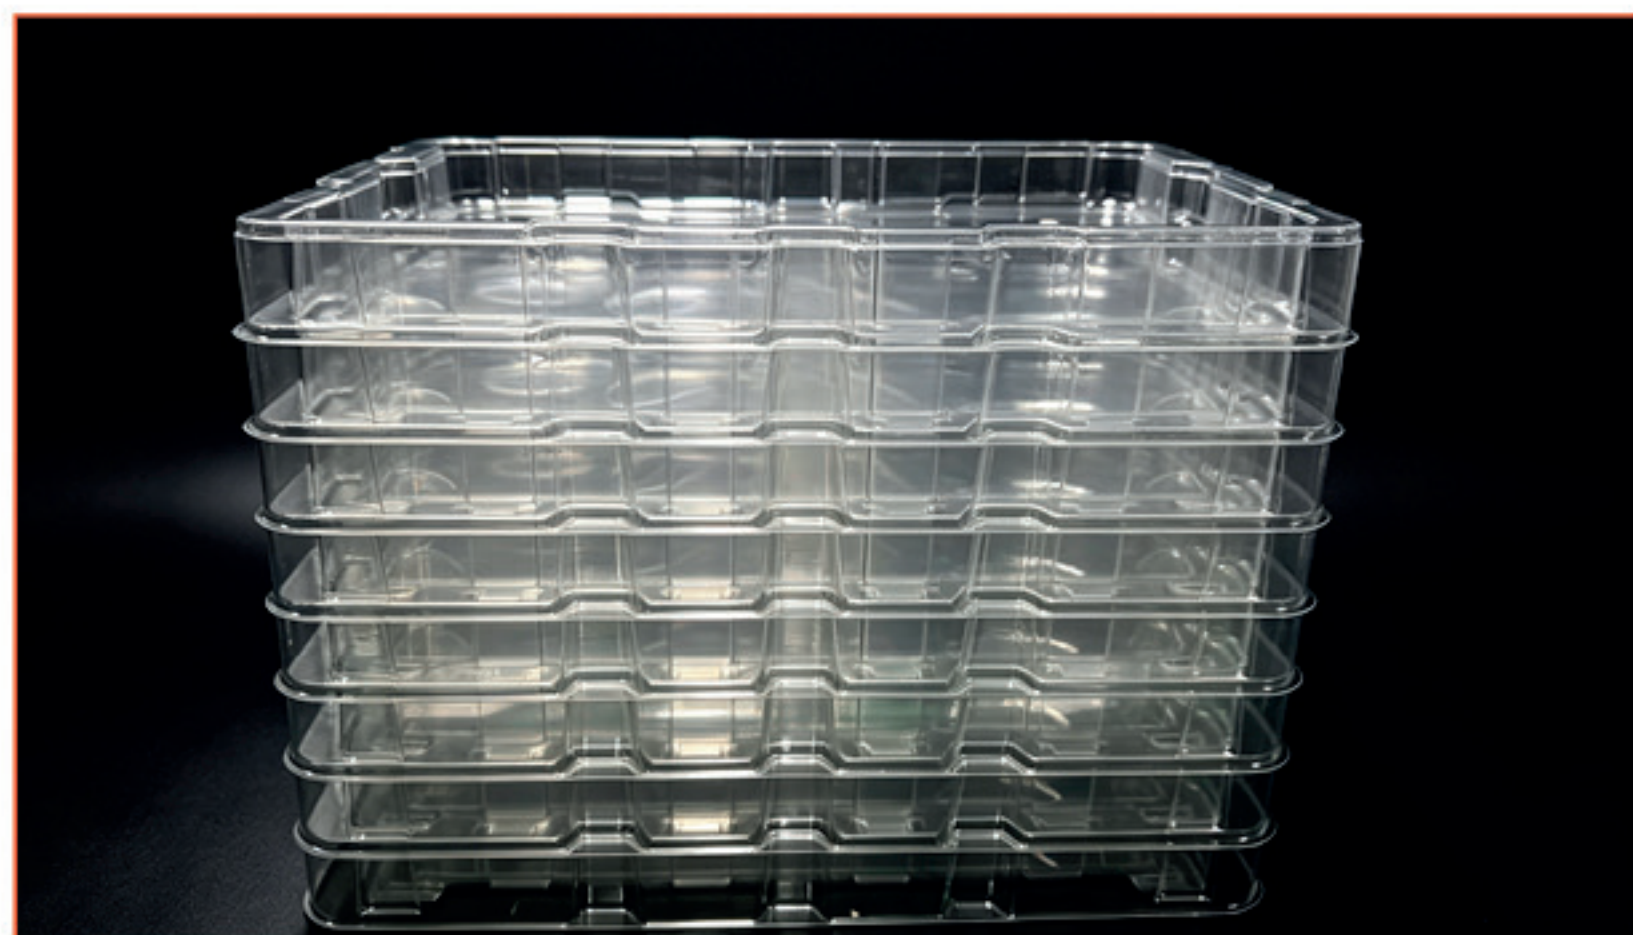

We can provide various anti-static level solutions such as surface resistance of $10^3 \sim 10^5 \Omega$, $10^6 \sim 10^9 \Omega$, $10^9 \sim 10^{11} \Omega$ to meet the ESD protection standards of different electronic products.

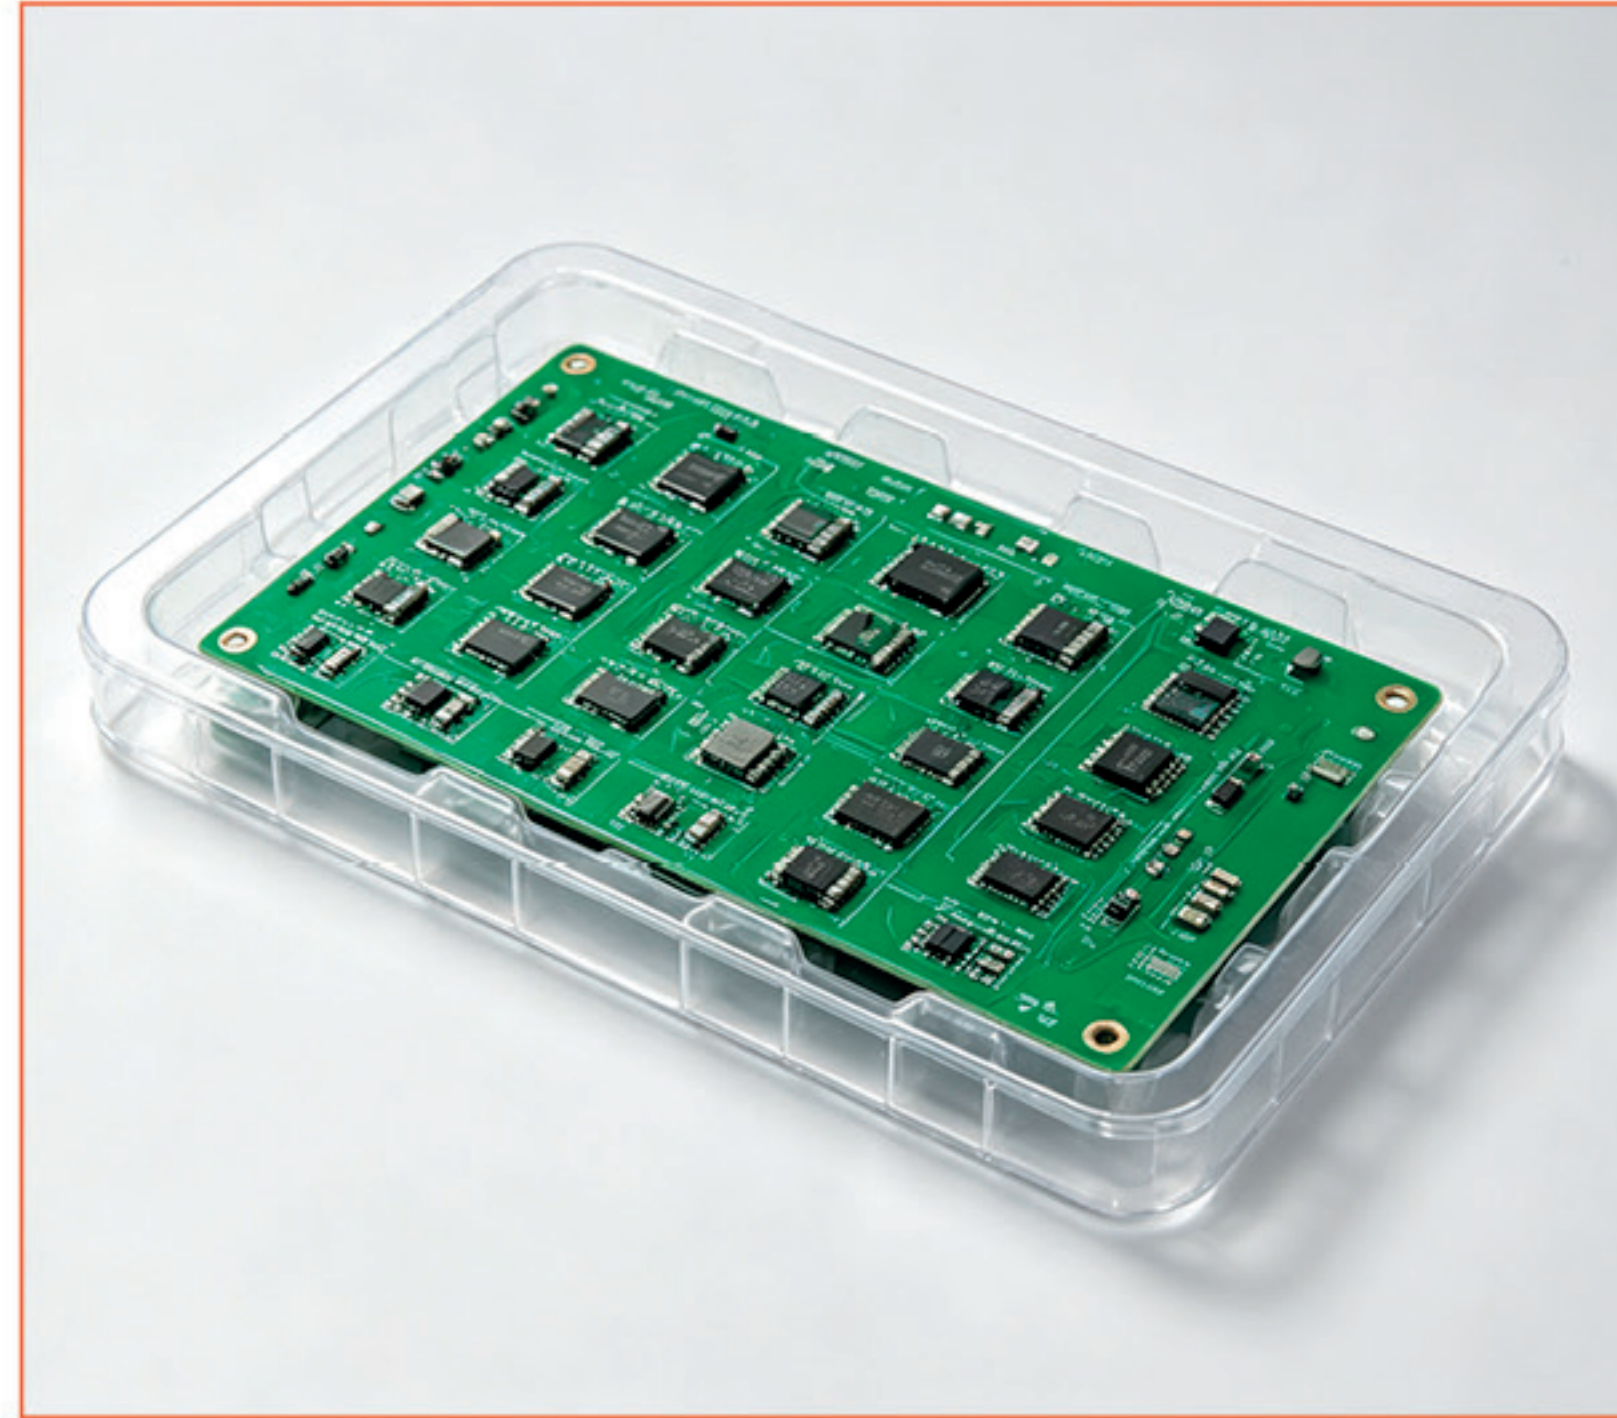

ESD protection is reliable and reduces customer loss rate.

可提供表面电阻 $10^3 \sim 10^5 \Omega$ 、 $10^6 \sim 10^9 \Omega$ 、 $10^9 \sim 10^{11} \Omega$ 等多种防静电等级方案，满足不同电子产品的ESD防护标准。

ESD防护可靠 · 降低客户损耗率。

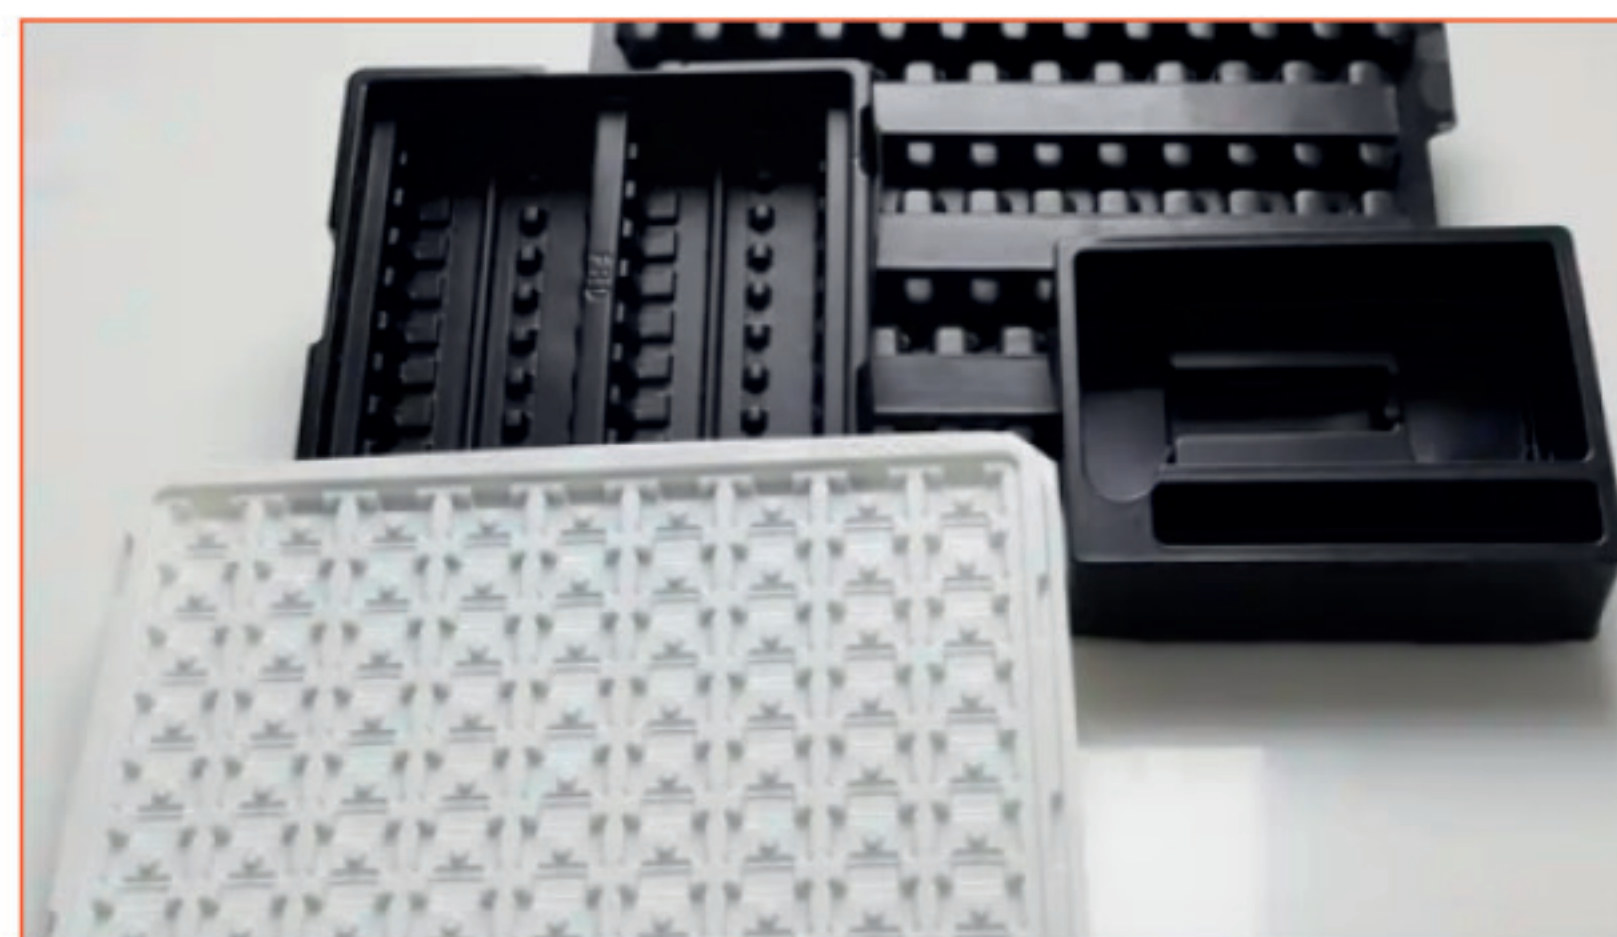

BLISTER PACKAGING IN OTHER INDUSTRIES

其他行业吸塑包装

WHY DO CUSTOMERS CHOOSE US?

为什么客户选择我们?

FULL INDUSTRY CHAIN SELF-CONTROL/全产业链自控

Self built sheet production line, raw material formula → sheet extrusion → thermoforming → finished product delivery, fully controlled in one hand throughout the entire process.

Lower cost, faster delivery time, and more stable quality.

自建片材生产线，原料配方→片材挤出→吸塑成型→成品出厂，全流程一手掌控。
成本更低 · 交期更快 · 品质更稳。

DEEP CUSTOMIZATION CAPABILITY/深度定制能力

Equipped with a mold workshop and structural design team, supporting customization based on drawings and samples, and following up on the entire process from concept to mass production.

Free sampling, small batch acceptance, structural optimization suggestions.

配有模具车间+结构设计团队，支持来图来样定制，从概念到量产全程跟进。
免费打样 · 小批量可接 · 结构优化建议。

STABLE AND RELIABLE QUALITY/品质稳定可靠

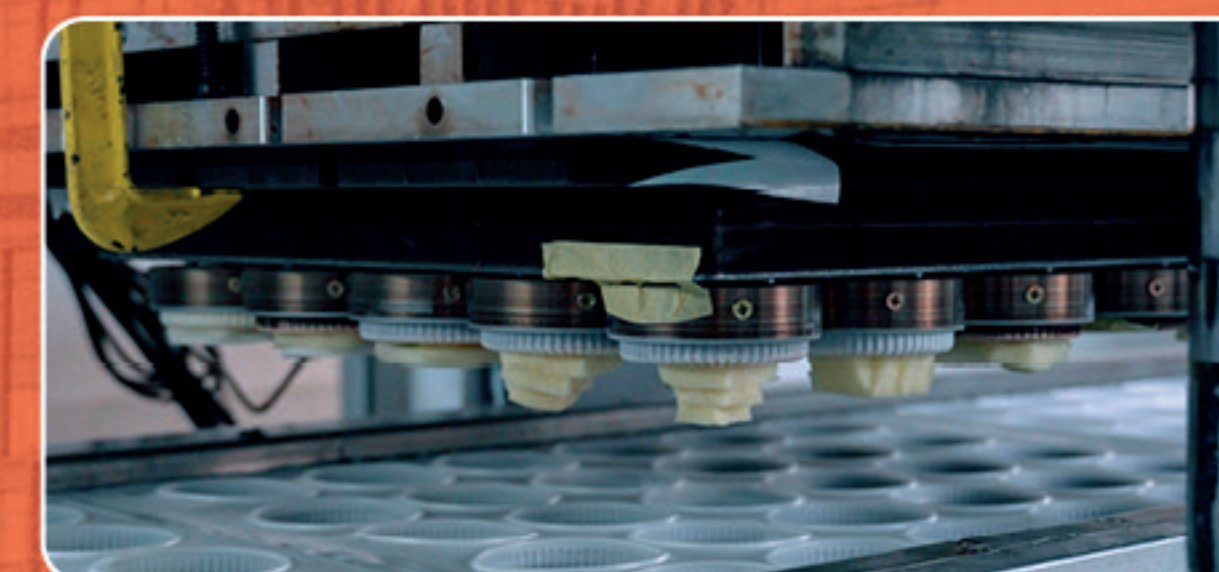

Quality is the core foundation for enterprises to establish themselves. The company has a strict quality control system, environmentally friendly and compliant materials, and supports customized special processes for multiple scenarios Incoming inspection, process inspection, full inspection of shipments, making products more prestigious.

品质是企业立足的核心根基，公司严格品控体系，环保合规材质，支持多场景特殊工艺定制
来料检验 · 制程巡检 · 出货全检 · 让产品更有“面子”。

FAST AND SECURE DELIVERY/交付快速安全

Normal samples are available in 3-5 days, and the lead time for mass production is generally 7-10 days. The actual lead time is adjusted according to product complexity and order volume. Urgent orders can be arranged for expedited production.

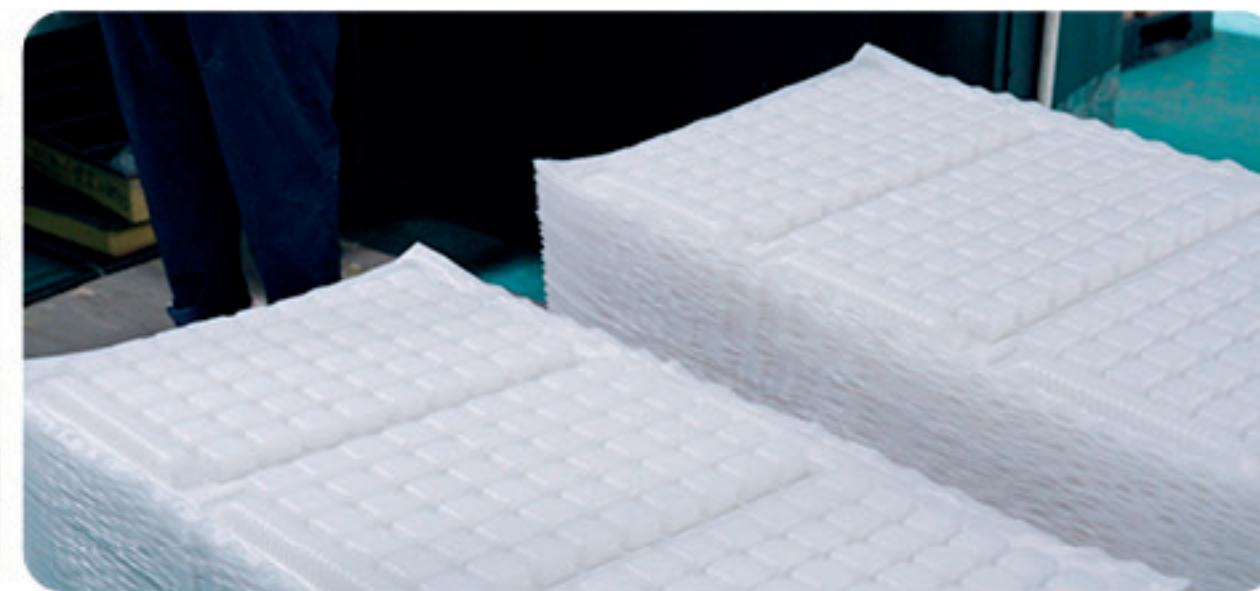

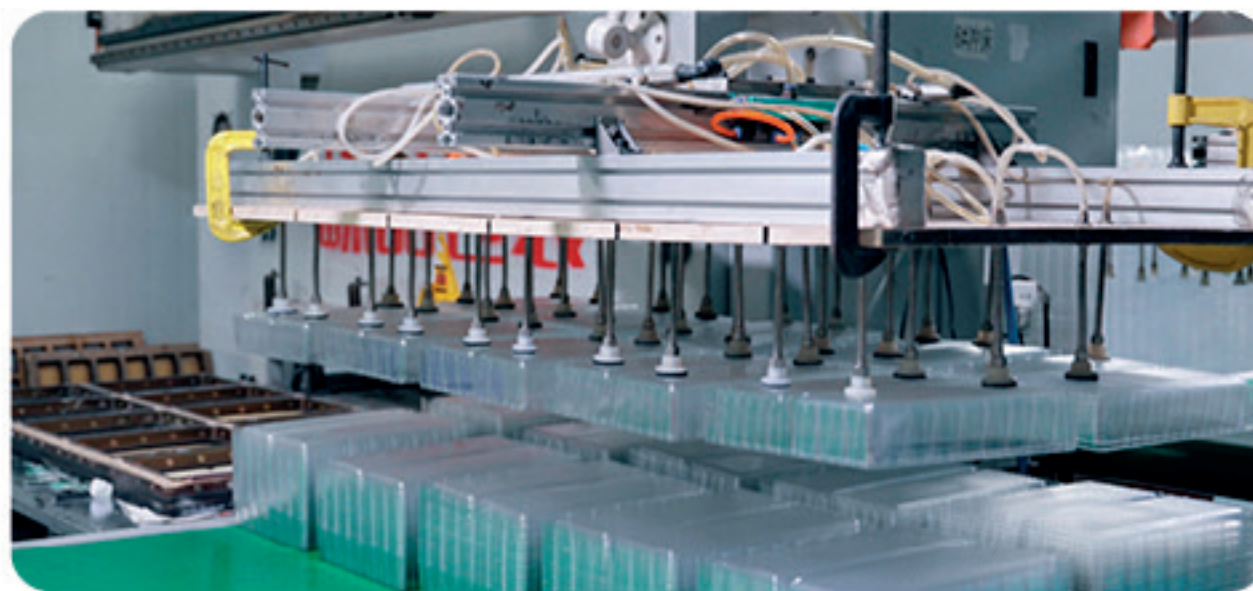

一般常规样品3-5天交样，大货交期一般在7-10天，实际交期视产品复杂度、订单大小来调整，急单可协调加急生产。

TEAM SERVICE 团队服务

We have experienced mold engineers and structural designers, providing one-stop services from drawings, sampling, to mass production.
拥有资深模具工程师和结构设计师，支持从图纸→打样→量产的一站式服务。

Because good packaging is itself the best advertisement.
因为好包装，本身就是最好的广告。

VISIBLE QUALITY/看得见的品质

High transparency material+precise cutting+burr free folding, allowing your product to be seen at a glance on the shelf.

高透材质 + 精准裁切 + 无毛刺折边，让您的产品在货架上一眼被看见。

UNEXPECTED PEACE OF MIND/想不到的省心

From structural design to mold development to mass production, one window connects to the end.

从结构设计到模具开发到批量生产，一个窗口对接到底。

CALCULATED COST/算得出的成本

Our own sheet extrusion line and large-scale production help you spend every packaging budget on the cutting edge.

自有片材挤出线+规模化生产，帮您把每一分包装预算都花在刀刃上。

RELIABLE DELIVERY/靠得住的交付

Promise to compensate for breach of delivery time, allowing you to stock up during peak seasons and launch new products without delay.

承诺交期违约赔付，让您旺季备货不慌、新品上市不拖。

OTHERS WAIT FOR MATERIALS, WE PRODUCE

别人等料，我们生产

Most vacuum forming factories rely on external sheet suppliers, and delivery times are controlled by others. Our own sheet line means:

多数吸塑厂依赖外部片材供应商，交期受制于人。我们自己的片材线意味着：

Urgent orders don't have to wait - sheet materials can be produced as needed, and samples can be delivered within 【 3 】 days at the fastest.

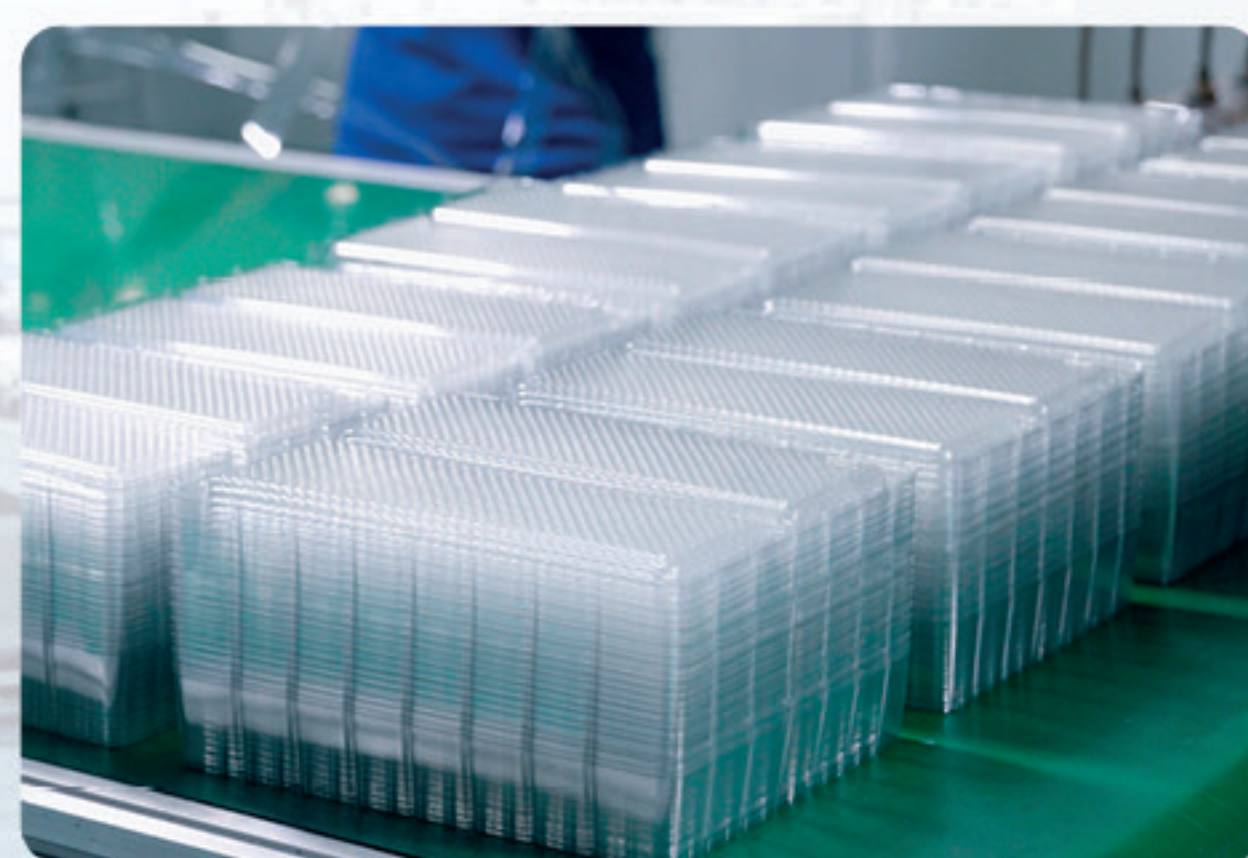

急单不用等——片材随要随产，最快【 3 】天交付样品。

Cost determined by oneself - eliminating intermediate links, providing equal quality quotes with greater advantages.

成本自己定——省去中间环节，同等品质报价更具优势。

Adjustable formula - materials, transparency, thickness, color, and functional characteristics can be adjusted as needed, truly achieving "customized for you".

配方可调——材料、透明度、厚度、颜色、功能特性均可按需调整，真正做到"为你定制"。

QUALITY AND CERTIFICATION

品质与认证

QUALITY IS NOT DETECTED, IT IS MADE.

品质不是检出来的，是做出来的。

Relying on the advantages of the entire industry chain, we set quality checkpoints at every stage:

依托全产业链优势，我们在每一个环节设置品质关卡：

EXISTING CERTIFICATIONS

现有认证

PLANNED APPLICATION

计划申请

Additional certifications may be added and are not limited to the above scope, subject to the requirements of different markets and customers.

具体可追加认证不限上述范围，可依不同市场和不同客户需要而定。

WHY IS THE ENTIRE INDUSTRY CHAIN EQUAL TO HIGHER QUALITY? 为什么全产业链=更高品质？

Source traceability - from a single raw material to a finished product, every step is recorded.
源头可追溯——从一粒原料到一件成品，每个环节都有记录。

Incoming materials can be controlled - self formulated sheets, not relying on suppliers' "self-awareness".
来料可控制——自己配方的片材，不靠供应商"自觉"。

Adjustable process - parameters can be adjusted immediately upon discovering problems, without waiting for external feedback.
工艺可调整——发现问题时能立刻调参数，不用等外部反馈数。

Accumulated data - long-term accumulated production data feeds back into formula optimization.
数据可积累——长期积累的生产数据反哺配方优化。

FREQUENTLY ASKED QUESTIONS BY CUSTOMERS

客户常问的问题

Q: What is the minimum order quantity?

Q: 最小起订量是多少?

A: Depending on the complexity of the product, it supports small batch trial orders. Please contact us for details.

A: 视产品复杂度而定，支持小批量试单，具体请联系我们。

Q: Can you help design the packaging structure?

Q: 能帮忙设计包装结构吗?

A: Okay. We offer free structural design solutions and can also deduce the optimal packaging form based on your product.

A: 可以。我们提供免费结构设计方案，也可根据您的产品反推最优包装形态。

Q: How is the mold fee charged?

Q: 模具费怎么收取?

A: Depending on the complexity of the product and the order volume, a return mechanism may be adopted. Please contact us for details.

A: 视产品复杂程度和订单量而定，可采取返还机制，具体请联系我们。

Q: Can the material provide a testing report?

Q: 材料可以提供检测报告吗?

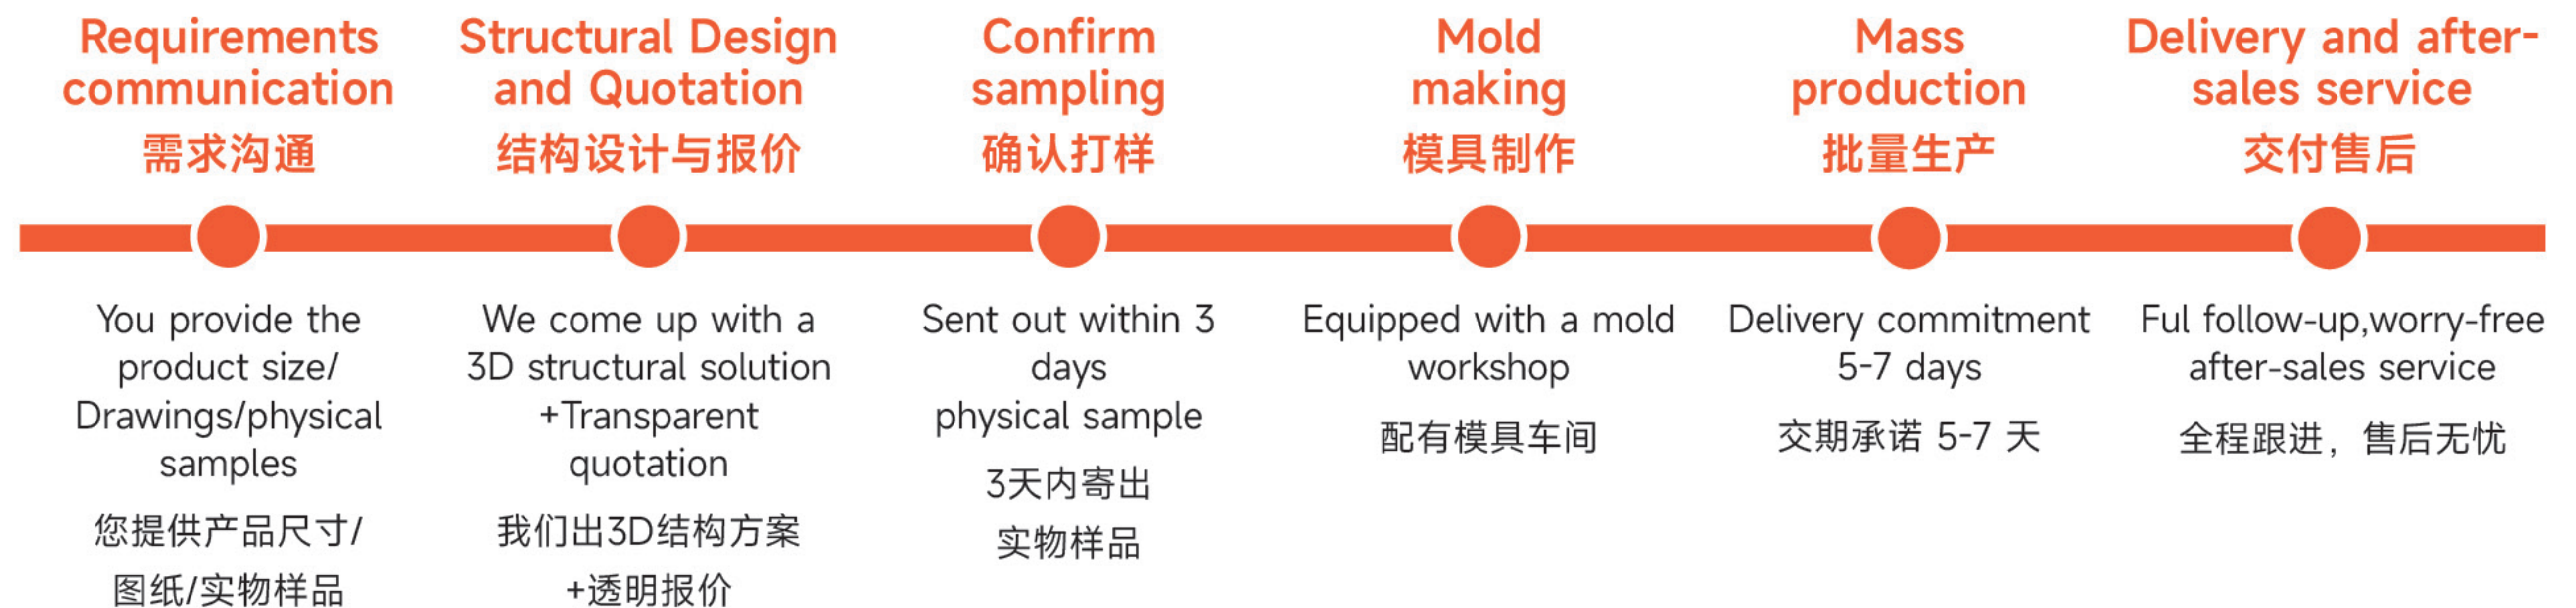

A: All materials can provide corresponding testing reports and compliance certificates. Please feel free to request them.

A: 所有材料均可提供对应检测报告与合规证书，欢迎索取。

COOPERATION PROCESS

合作流程

Note: The actual delivery time depends on the product complexity and order quantity. Advance production can be arranged for urgent orders.

备注：实际交期依产品复杂度和订单数量而定，加急订单可安排提前生产。
